

# OWYN Safety: All-In-One Safety & Compliance Solution

Decision Guide for Safety Management

## What is OWYN Safety?

OWYN Safety is a comprehensive 24/7 digital platform that simplifies workplace safety and compliance management. Founded in 1999 by contractors who experienced compliance challenges firsthand, OWYN serves thousands of companies—from single-owner businesses to multi-state corporations—across diverse industries.

## Core Capabilities

- **OSHA Compliance:** Federal & State (IIPP) standards
- **Third-Party Validation:** ISNetworld, Avetta, Veriforce
- **Site-Specific Safety Plans:** Customized for each project
- **Bidding Compliance:** Documentation for contract requirements
- **Insurance Compliance:** Meet requirements, potentially reduce premiums
- **60+ Online Training Courses:** OSHA-compliant, mobile-ready
- **Safety Management System:** Forms, inspections, incident reporting
- **Employee & Subcontractor Handbooks**

## Key Business Benefits

- **Avoid costly OSHA penalties** with proper compliance
- **Save time** – streamline hours of safety work into minutes
- **Win more contracts** with complete bidding documentation
- **Reduce insurance costs** through strong safety programs
- **Multi-user platform** for team collaboration
- **Mobile access** – manage safety anytime, anywhere
- **Offline capability** for field work

**All-Inclusive Pricing: \$497 per year** (\$1.36/day) — No hidden fees, no per-user charges, no limits on training courses or third-party plans. Everything included in one flat annual fee.

## Investment & ROI

**Annual Cost: \$497** — Less than a single OSHA violation penalty. Compare this to:

- Average OSHA penalty: \$1,000-\$15,000+ per violation
- Cost of hiring a safety consultant: \$100-\$300/hour
- Time saved on paperwork: Hundreds of hours annually
- Potential insurance premium reductions through strong safety programs
- Unlimited users, unlimited training courses, unlimited third-party plans — all included
